## WELL LOCATION PLAT

Owner: KENNETH RUPP - OIL OPERATORLease Name: DERRCounty, Holt Co., Missouri

785 feet South of No. Line - 2508' East of West Line

of Sec. 13 Twp. 60 N Range 39 WSCALE  
1" = 1000'

REMARKS: See attached letter from Rupp dated 23 July 73  
for lease or property boundaries. also attached  
is regist Survey plat. wells

SIGNED: Kenneth Rupp

Kenneth Rupp, Operator

## INSTRUCTIONS

On the above plat, show distance of the proposed well from the two nearest lease and section lines, and from the nearest well on the same lease completed in or drilling to the same reservoir. If the location requested is not in conformance with the applicable well-spacing rules, show all off-setting wells to the proposed well. Do not confuse survey lines with lease lines. See rule 7 - 3 (b) for survey requirements.

Remit two copies; one will be returned.

Re:  
No. 1 Derr - Miss. Test  
Section 13-60N-39W,  
Holt County, Missouri

Gentlemen:

I am enclosing 3 copies of a Survey or Staking Plat by Charles G. Loucks which arrived here just today. The drill site location is approximately 1015' south of the owner, Jesse Greene. Owner's land commences approximately 330' North of the South line of Section 12. Hortense Moore is the owner of the W/2 NW/4 of Section 13 and this property line is 1188' west of the drill site location.

This is to formally request an off-pattern location for this test for the following reasons: Bordering us all along the east are sharp, steep hills; just to the west, on pattern, a location would have done considerable surface damage and damage to grass, ponds and terraces; west of the highway and railroad the land is very low for that immediate locality; here a location would have meant considerable damage to the landowners' crops and unnecessary surface damage and rig liability in the event of a flood.

Please consider this my formal request to hold the information "tite" on the above captioned test well. As I mentioned to you previously, Mr. Wells, I will furnish you within days samples and information on this test and thereafter continue doing so until plugging operations but will appreciate it if your Commission will grant this request.

The Geologist will contact you prior to starting this test concerning all information you may want or desire. As it now stands, Mr. Tom Wright, ex-Stanolind man who has been on many wells in the Forest City Basin, if possible, will be on this test unless it conflicts with other commitments.

Very sincerely yours,

*Kenneth Rupp*  
KENNETH RUPP
